Account.

READ—the following papers :—

I

Letter—from A. H. MORIN, Esq., Superintending Engineer, V Circle.
To—the Chief Engineer for Irrigation.
Dated—the 12th August 1914.
No.—279-E.I.

I have the honour to forward for sanction under " 35. Construction of Protective Irrigation works " the enclosed amounting to Rs. 30 for removing and refixing the rain gauge at Sitarampuram (Gandipalem project), Nellore district, for the reason stated in the report.

A site plan No. N. 129/1914 is herewith enclosed.

ENCLOSURE.

Report to accompany the estimate for removing and refixing the rain gauge at Sitarampuram.

	RS.
Amount of estimate	30

The existing rain gauge at Sitarampuram is within 30 yards of the Local Fund school which is objectionable as per rainfall Circular No. 1 of 1891, paragraph 6. Therefore it is proposed to remove and refix the gauge in the new site as shown in the survey. Provision is also made in the estimate for acquiring the proposed site.

Early sanction to the estimate is solicited.

20th July 1914.

A. R. DECHAZAL,
Executive Engineer, Nellore Division.

II

Endorsement by the Chief Engineer for Irrigation, No. 4755-B/14-1., dated 8th September 1914.

Submitted to Government with the recommendation that the estimate received with the Superintending Engineer's letter read above be sanctioned.

2. The cost of the work may be met from the existing balance of the provision made for " unforeseen works " in the consolidated estimate for rain and river gauging operations sanctioned by the Government of India, in their letter No. 611 I., dated 2nd July 1912, which will now be reduced to Rs. 180.

W. J. J. HOWLEY,
Offg. Chief Engineer for Irrigation.

To the Joint Secretary to Government, Public Works Department (Irrigation).

Order—No. 464 I., dated 10th September 1914.

The estimate amounting to Rs. 30 for removing and refixing the rain gauge at Sitarampuram, Gandipalem project, Nellore district, is sanctioned.

2. This sanction is registered as No. 68 I. of 1914–15.

3. The proposal of the Chief Engineer for Irrigation, in paragraph 2 of his endorsement read above, is approved.

(True Extract.)

W. M. ELLIS, Col., R.E.,
Secretary to Govt., P.W.D.
(Irrigation Branch).

To the Chief Engineer for Irrigation.
„ Superintending Engineer, V Circle, with plan and estimate.
„ Accountant-General, Madras.

Forwarded to the

Deputy Registrar.

PUBLIC WORKS DEPARTMENT
(IRRIGATION BRANCH).

NOTES CONNECTED WITH G.O. No. 464 I., DATED 10TH SEPTEMBER 1914.

[SUBJECT.—*Removing and refixing the rain gauge at Sitarampuram, Gandipalem project, Nellore district (estimate Rs.* 30).]

From the Superintending Engineer, V Circle, dated 12*th August* 1914, *No.* 279 *E.I.*

Under Secretary—

Orders are requested if the estimate received with the Superintending Engineer's letter read above may be checked for sanction. In the report accompanying the estimate it is stated that the proposed removal and refixing of the rain gauge is necessary with reference to the instructions contained in paragraph 6 of the Rainfall Circular No. 1 of 1891.

Paragraphs 5—8, current file, in Dis. No. 1699, dated 18th October 1911.

2. The provision of Rs. 4 made in the estimate for land compensation charges has been based on the information furnished by the Collector in his No. 2418 D/Cor., dated 9th July 1914.

3. The cost of the work may be met from the balance * of provision for "Unforeseen works" made in the supplemental consolidated estimate for rain and river gauging operations approved by the Government of India in their lette No. 611 I., dated 2nd July 1912.

* Existing balance Rs. 210.

G.O. No. 279 I., dated 26th July 1912.

S.S.—24-8-14.

T.S.R.—25-8-14.

Joint Secretary—

The project for which this rain gauge is to be re-erected is never likely to be carried out and it seems unnecessary to acquire land for the site as we shall probably abandon the gauge in a few years. If the gauge served any purpose its situation in a school play-ground is most unsuitable, apart from its proximity to a building, as it is sure to be tampered with.

F. E. MORGAN—27-8-14.

The cost of acquisition is only Rs. 3. The land may be acquired unless we can abandon the recording of rainfall at this station.

W. J. J. HOWLEY—27-8-14.

Joint Secretary—

The rainfall station cannot be abandoned until the project is abandoned and this will probably not be for three or four years.

Consideration of the Gandipālem project has to await orders on the Rallapad and Mopad † and Machavaram schemes.

† Another Mōpad.

F.E.M.—27-8-14.

Check for sanction.

W.J.J.H.—27-8-14.

The estimate has been checked.

M.V.—4-9-14.

R.S.—4-9-14.

Under Secretary—
Joint Secretary—

A draft endorsement by the Chief Engineer for Irrigation together with a draft order thereon is submitted for approval and orders to issue.
